

Alignment

The Opy logo needs to be centre aligned with the text and having 6 points spacing in between.

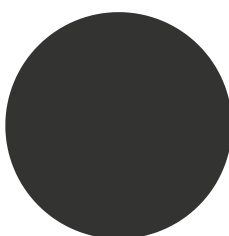

Colour Palette

Follow the Opy colour guide to create a payment button that reflects our branding.

Aussie Amber
RGB: 255r, 184g, 28b
HEX: FFB81C

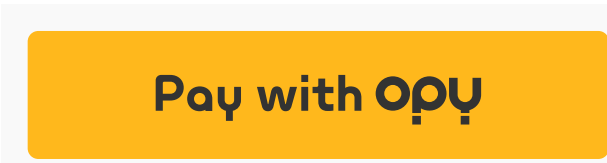

Granite Grey
RGB: 51r, 51g, 50b
HEX: 333332

Payment Buttons

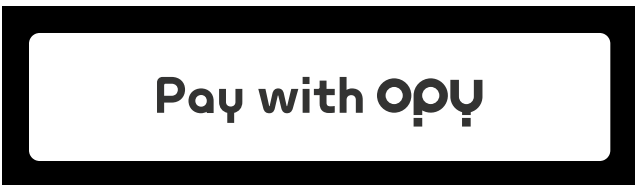

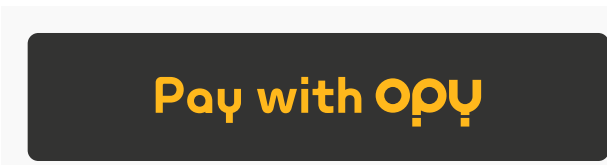

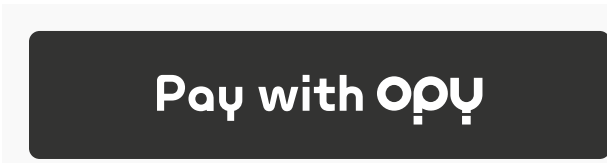

Opy provides two colour schemes for payment buttons: Amber and Granite Grey, Black and White to suit your different needs.

To ensure the legibility, the minimus width constraint is 218 points and maximum width constraint is 380 points.

Amber with Granite Grey

Granite grey with White

Customisation

You can customise the radius and the height of the payment button to align with the components in your app.

* Please avoid using non Openpay colours and follow the guidelines when create your own buttons.

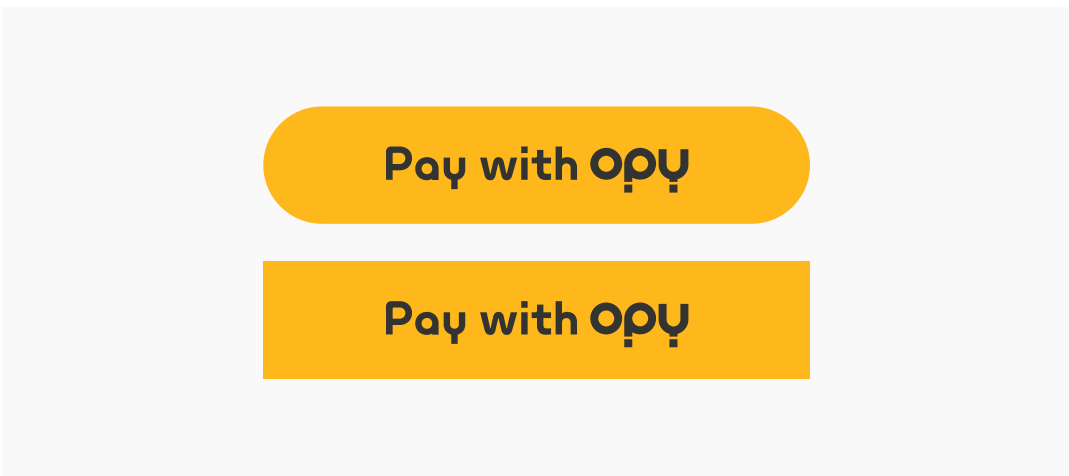

Minimum left & right padding: 20pt
Top & bottom padding: 10pt

Required assets

Asset can be downloaded and saved as SVGs

Examples

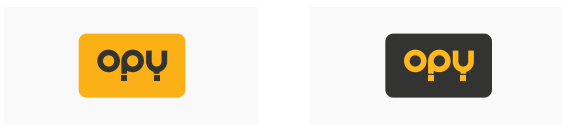

Badges

The Openpay badges can be scaled to suit the needs of your app. To guarantee the legibility, the minimum width constraint of the badge is 40 points.

The Greyscale badges will need to be used in transparent background. Minimum width of the logo is 34 points.

Amber with Granite Grey

Up to 4 interest-free payments.

Light theme

Up to 4 interest-free payments.
